"The Achieve the Dream Events allow us to maintain the unprecedented success we created with our live Achieve the Dream events and transfer it into an entirely virtual environment. This not only allows NACA to continue to create new homeownership opportunities on a massive scale, but to also make every event a nationwide event instead of a local or regional one, all the while protecting the health and safety of our members and staff. It’s all hands on deck for our team. Nothing like this has ever been done before in the history of mortgage lending, especially at this scale.”
